Addressed to the following persons re- Copy of a letter addressed to the Se-main now in the Charles Town Post- nator, the Minister of General Police, by M. Berthemy, announcing Kolli's arrest, and his being forwarded to

VALANCAY, April 6. Monseigneur-I have the honor to inform your Excellency, by a courier extraordinary, of the event which has just taken place at Valancay.

M. D'Amezaga, Intendant of the Household of the Spanish Princes, came to apprise me, on the part of his Crocker and Hicksbourn, Mrs. Ma- | Highness Prince Ferdinand, that an English emissary had introduced himself into the castle. I instantly repair-Frederick Clipper, John Cassedy, Na- | ed to the Prince's apartments, and found him in a state of great emotion,

"The English," said he addressing himself to me, "have done much injury to the Spanish nation. They continue to cause blood to be shed in my name. I forward him post to your Excellency, with the pretty numerous papers of which he was the bearer. The examination to which you will subject him will, I have no doubt, disclose all the details of his plans, and the accomplices he may have had. According to the preliminary inquiries which I have M'Kinley, James M'Clincey, Adam made here, I am induced to think that he has come alone, and that he is to-

tally unacquainted in this place. I think it my duty, sir, to avail myself of this opportunity to repeat to your excellency what I have already had the honor to communicate to you. Valancay, April 4. Being desirous of having some convereation with you upon various matters which have long occupied my attention, I request that you will come to M. D'Amezaga's, our first equerry, at three o'clock this afternoon. This individual exclusively enjoys our entire confidence, which he has for a great length of time justly merited, from his excellent conduct in all respects, and the perfect knowledge he possesses of our affairs, which he has always directed to our great satisfac-

That which at present occupies my attention is to me an object of the greatest interest. My first wish is to become the adopted son of his majesty the emperor, our august sovereign. I conceive myself to be worthy of this adoption, which would truly constitute the happiness of my life, as well from my perfect love and attachment to the sacred person of his majesty, as by my submission and entire obedience to his intentions and desires. I sm, moreover, extremely anxious to leave Valancay, because this residence, which has nothing about it but what is unpleasant to us, is not in any respect
