FROM PORT AU PRINCE.

Captain Duvalon, of the war-ship, 

wrote to the Earl of Sandwich, that in the 25th of June, he took the privateer, "Massachusetts". She had left New York the 13th of May; and having taken 11 ships, and an English man-of-war, from the Island of Martinique to port, was on her return to Boston, with the intention of taking leave. She had, however, been engaged in the same manner; and, after a severe engagement, had been taken by the Earl of Sandwich. The Earl of Sandwich, in his letter to the Earl of Sandwich, says:

"I have the honor to inclose a copy of a letter from the Earl of Sandwich, which I have received from the Earl of Sandwich, and which I have no doubt will be of great assistance to the Earl of Sandwich."
