Doetrn. SONG FOR THE SEASON.

With what a glory comes and goes the year Autums days are come again!
An area winds begin to blow;
Leaves are falling in the glen.
They are tossing to and fro, in the valley, o'er the hill.
Up and down the open plain.
Rusting, whirling, dancing still,—
Oh! Autumn days are come again.

Autumn days are come again!
Frests have touched the summer bowers:
Blooming Rose! I look in vain,
To see the still, the Queen of Flowers:
The Daklin rough her strails look.
Not fears a rival in her strail.
The fairest now, since thou gri dead,
Of all the flowers that pass away!

Autumn days are come again!
Birds have ceased their merry notes Cooing dove and busy wren, Wander now far, far remote; The woodland choir I hear no more, Though every tree had once its voice, The meadow minstrelsy is o'er, And larks no longer there resolve.

Autumu days are come again!
I know not well to laugh or sigh,
To see the fated year so vain, Put on gorgeous robes to die. Shine out, fair sun, and gild his way, E'en as thou didst upon his birth Then, like a tender parent, lay time gently, gently in the earth!

NO TROOPS YET! Though the Fugitive Slave Bill has been nullified by the people of Boston-two citizens of the South in pursuit of their property, maltreated in various ways-President Fillmore, it seems, has not yet found it expedient to even attempt an enforcement of the law, when the fact is nototions that it is utterly disregarded. NASHVILLE CONVENTION.

Yesterday was the day of meeting for the Nashville Convention. Gen. Gordon, of Albemarle, it is probable, will be the only Delegate present from Virginia. The Southern States herotofore represented, will, it is thought, faraish a larger delegation than at the former session of the Convention.

WHAT MEANS IT?

Politics make us acquainted with some strange bed-fellows. Who would have thought that the organ, professing to represent the sentiment and opinions of the " Tenth Legion" of Virginia Democracy, should only find an echolor a sponser through the columns of the "Virginia Free Press," a Federal Whig, anti Southern, Washington Hunt journal. Men of Shenandoah, Page, and Rockingham, what say you? There is something rotten in Denmark.

WHAT WILL THE NORTH DO?

The Whig politicians have surrendered to free soilism, body, soul and all; but if there be a frag-ment of the Whig party left, who will join with the National Democratic party of the Empire State, all may yet be safe. If New York be again sold to Free soilism in the coming election, the whole North may wander from its propriety.— The fugitive stave bill will be nullified,—open resistance will be made to the laws, and consequences ensue, whose prescience no one can forses: [New Market Democrat.

Just so. New York has been "sold to Freesoil. ism," and the " Fugitive Slave Bill will be nullified" by the showing of the "Democrat" itself .--We have all along entertained the belief that the progress of things, would soon shake the film from its eyes, and the "Democrat" with its kith and kin of the submission Press in Virginia, be as eager and anxious for permission to join in fuil communion with the true southern press of the South, as it now seems eager to defame its advocates and to ingloriously surrender the only principle of self preservation-" Equality or In-

BE ON YOUR GUARD.

It is generally believed that a gang of burglars who, for the last few months have infested several portions of Maryland and Pennsylvania, are now in our Valley. A little boy, who, there is every reason to believe, bas been used by them as a "spy," was secured in Clarke county a few days ago, and the fact of his accomplices being in the neighborhood, was sufficiently evidenced by several circumstances, unnecessary here to mention. Our people should be on their guard and prepared to give the martiders a " warm recep tion," should it become necessary.

MARYLAND CONVENTION.

The Reform Convention of Maryland, assem bled on Monday week, but up to Saturday last no organization had taken place, in consequence of the inability of the Convention to choose a presiding officer. Gen. Chapman, Whig, and Gen. Benj. C. Howard, Democrat, are the contestants. On Saturday they each received 48 voles. Win. Cost Johnson of Frederick county, was supported in the early part of the week as an Independent candidate. Parties are so nearly tied, that a week more may be consumed, before an organi zation can be effected. It is thought that Mr. Johnson, an independent, will be finally selected.

But with few, and short indiseases complicated and assidnous, alike regardless of the skill of physicians and the tender solicitude of kindred, gave repose to the sufferer in the " calm sleep of death." The hereavement is sovere, the night of sorrow that gathers alike around the stricken hearts of husband, parents and friends may have been unex-pected—but there is one bright feature of constorting relief to gild us with the light of Heaven, the sad memories of that painful hout. To the deceased the event of death was neither unexpected nor unwelcomed In bidding the writer her last threwell, she said she did not expect or desire to recover, but doubted tot they would meet in heaven. Baron Liebig states that, " One part of Pepsin dissolved in sixty thousand parts of water, will digest meat and other food." Diseased stomachs produće no good Gastrić Juice, Rennet or Pepsin. To show that this want may be perfectly supplied, we quote the
