when it was perfectly well understood that the vote was a test of the relative

considered it utterly inadmissible—ut. The Valley country contains, by the terly destructive of the rights and intecases, of no easy attainment. Whereas, according to the other plan, a western that it has been to save from our friends. The same country by my estimate, 137,041 mevitably reject. Knowing the high standing of the gentleman from Chestical with his party, we entertained serious apprehensions that it would unite the voices of a majority of this body. To prevent a result so calamit tous to Virginia, so destructive to all our hopes, we stated our views to the worthy member from Richmond, (Mr. Neale,) whom we knew to be sincerely destrous and honorable desirous to effect a fair and honorable. It is a providing the following the first and loader. The subject of the subject, the body worth may be desirous to effect a fair and honorable. The valley country contains, by the addition during the last nine years, as the same country by my estimate, 137,041 mester and for the provisions of the subject of t desirous to effect a fair and honorable probably more than justice. plan in question would be to the people of the West, and earnestly requesthad been lost.

He promised to comply with our request, and he performed his promise; the gentleman from Chesterfield to be placed. And he told us, that by population of the eastern and western wrong. They sent me thither to prowithdraw his possibly on. That resolution. That resolution. That resolution interests and to assert their but was unable, it seems, to prevail ontion has been this day rejected, to my no small satisfaction, by a decisive ma jority.

The friends of the western plan, ho ping against hope, have to day subjected it to another test, by moving it in the shape of an amendment to the plan the shape of an amendment to the plant of the gentleman from Albemarle. The gentleman from Albemarle. The gentleman from Loudoun and myself, governed more by a punctillo of honor, than by any obligation to perform again the promise, already thrice fulfilled, the promise, already thrice fulfilled, the promise, already thrice fulfilled, the promise, already three fulfilled, for the last time, the gratuitous and ill-judged promise which we making the calculation. But the Audit noticed, has given a temporary counter.

Thus it appears that during those three periods, of ten years each, the population. The increase in already adverted to. The increase in the Valley during the last twenty years has been exceedingly small, and I see they know me weth. They have been exceedingly small, and I see they know me weth. They have acted honestly, and perhaps I may be able to convince than 15 per cent. I say probably, because I have not taken the trouble of take in the Auditor's estimate already making the calculation. But the Audit noticed, has given a temporary counter.

PROGRESS OF THE CONVENTION tous and ill-judged promise which we give to the friends of that measure, be ause they were also our political friends. With our assistance, it has at longth obtained the votes of half the hody, and has just been rejected by an equal division of the House. I trust that it is at last disposed of I feel that I have pushed my fidelity to a gratuate of all the four fields. The convention has been engaged by the for the last three days on the kxecus about 40 per cent. Ehave said enough, but this illusion with he disposed of the several resolutions of the last three days on the several resolutions of the several resolutions of the several resolutions. The convention has been engaged for the several resolutions of the several resolutions. The convention has been engaged for the several resolutions of on its final passage.

down and myself prefer that scheme to numbers assumed in the profession the compromise plan of representation gentleman from Albemarle. which we have thus far supported. I According to the Western Plan, to wit: have suggested, already, one of our reasons for that preference. I proceed to state other reasons which have led

us to this conclusion.

Before I do so, however, Louist premise that the critical investigations which I have been compelled, by a The country east of the Ridge to memrelative population in 1829, of the four great sections into which the State is The country west of the Ridge is entitled divided, have fed me to the conclusion in the Senate, to memory in the Senate, to memory in the Senate, to memory in the Senate is memory. that the conjectural statement made by The country east the Auditor, is far from being accurate. bers 20 81 or Indeed, he himself states, that "the Eastern majority

alone had we promised it our suctions. But operated on by the swere now of our political friends; as a party heartily embarked in not consider the measure, and when interesting the returns being imperfect, or altogether wanting. And again, that there are so many probable errors in the mentioned as decisive, when the returns being imperfect, or altogether that the returns being imperfect, or altogether the marbitrary distribution of representation, the mentioned as decisive, when the returns being imperfect, or altogether the members of the returns being imperfect, or altogether that the returns being imperfect, or altogether the members and the returns being imperfect, or altogether the members of the returns being imperfect, or altogether the members of the returns being imperfect, or altogether the members of the returns being imperfect, or altogether that the returns being imper for what we consider the preferable proof were wanted of the inaccuracy plan of the gentleman from Albemarle, of his estimate, is, that he reports the Eastern majority when the former should be again re county of Loudoun, one of the most prosperous in the State, as containing The country west of the thilge is allowed. In compliance with that promise, we some four thousand fewer people in members.

13 again voted on yesterday, against the last the plan of the gentleman from Albemarle, results might be mentioned, equally er-

Rejecting his estimate, then, as clearstrength of his plan and that of the western members. His plan was again sustained by a vote of 50 to 46, and great divisions of the Commonwealth. western members. His plan was again myself, of the population of the four sustained by a vote of 50 to 46, and great divisions of the Commonwealth, the Chair was understood to decide, the construction of the construction of the construction of a principle of the country east of the Ridge to members 14 25 or the country east of the Ridge to members 17 13 or the country east of the Ridge to members 14 25 or the Ridge to members 14 25 or the Ridge to members 14 25 or the Ridge to members 17 or the Ridge to member tion of the gentleman from Albemarle tained the actual increase of population of the gentleman from Albemarle tained the actual increase of population of the eastern majority in the House of the e solution of the gentleman from Ches. periods, I assumed that they had reterfield, proposing a new plan of representation, offered Immediately after, same fare from 1820 to 1829. Having sentation, offered Immediately after, and that it compared to increase at the bemarks. And that it compared to increase at the bemarks. And that it compared to the compared to increase in each division sentation, of the basis of representation, and the sentation of the sentation of the sentation of the sentation of the sentation.

indeed he knew before, we preferred, which were surject of the apportunity rapid increase of population west of the surselves, to the western plan which population, in the district in question, it is in the Senate which they are willing in three periods of ten years each. On his calculation, the fullest reliance may be wrought by time the relative worthily to fill. From them I fear no of the Supreme Court. following results. The population of to their sanguine calculations of the radictated to me by others, but according the trans-Alteghany country increased, pid and sustained increase of western to the best lights that God has given between 1790 and 1800, 83 per cent. population. The rapid decline of the me—the dictates of my conscience and tous and ill judged promise which we making the calculation. But the Audi-noticed, has given a temporary counter
