

CHARLESTOWN, JEFFERSON COUNTY, PRINTED AND PUBLISHED WEEKLY BY J. S. & H. N. GALLAGHER.

VOL. 30.

THURSDAY MORNING, APRIL 13, 1837.

NO. 11.

THE WISDOM OF WOMEN.

WOMAN—I WISH to employ a woman in my house. —Wife—Mother who understands his business better than ever. —To one of this description, I will give the highest prices, constant employment, and the cash every Saturday night.

THOMAS HAWLINS,
Charlestown, Jefferson Co., Va.
April 4, 1837.
See "Adams Sentinel," 2d.

JEFFERSON LAND
For Sale.

MY FARM, lying within five miles of Charlestown, six miles from the village of Shepherdstown, half a mile from the intersection of the Chesapeake and Ohio Canal, and containing about 220 acres of good land—My Mill, recently repaired completely by Mr. John Miller, and my Factory Implements, consisting of two Carding Machines and Pickle, two Spinning Machines, Dyed Kettle, Shearing Machine, Pressing Machine, Falling Stock, Weaving Looms and Textile, all in good order, have been offered for sale, together or separately. Also, several negroes NEGRO WOMEN. The Farm is well provided with Timber, has several convenient Springs of water on it, besides the Mountain Stream running through it under good fencing, in a good state of cultivation, and furnished with all necessary out-houses of best quality. To purchasers, who can acquire their bonds satisfactorily, a credit of several months will be given, and bank notes will be received in payment. ALEXANDER STRAITIE
March 21, 1837.

Prime Jefferson Land
FOR SALE.

IN consequence of the purchaser failing to comply with the terms of sale, the subscriber again offers, at private sale, his FARM, lying about mid-way between Charlestown and Shepherdstown, containing 180 acres of first-rate LAND, inferior to none in Virginia. The improvements consist of a large Brick two-story Dwelling House, Smoke House, Barn, Stabling, and every necessary out-building, all new and of the very best description. The Farm is well watered. The land is in the highest state of cultivation, and is well set in timothy and clover. Terms made known on application to the subscriber.

JOSEPH F. ABELL.

EDUCATION.

MRS. DIXON will open a school on the first Monday in April, for the instruction of Children in the several branches commonly taught in schools; her terms will be moderate. Mrs. Bushkill will give lessons in Music, at her Mother's residence, or where, as may suit those who will favor her with employment in that way.

The situation is particularly favorable and desirable for a school, being sufficiently convenient to the town, retired and healthy. Charlestown, March 30, 1837.

CHARLESTOWN ACADEMY.

THE subscribers respectfully inform the public that an arrangement has been made to facilitate the advancement of the pupils by separating the School into two departments—Classical and English.

Terms per Session of 5 months:

The usual English branches. \$10.

For other Mathematics, the Ancient and Modern Languages, in Classical and English. JOSEPH BOYD,
J. C. CHISHOLM.

March 22, 1837.—2d.

CHARLES B. HARDING,
ATTORNEY AT LAW.

HAD removed his office to the room lately occupied by Robert Worthington, Esq., a Commissioner's office, over the Market House, Charlestown, where he may always be found except when absent on professional business. In addition to the courts of Jefferson, he is also present in the courts of the county of Charles. By unfortunate perseverance he attention to all business connected with his care, he hopes and expects to prove himself worthy of the confidence and patronage of the generous and enlightened people whom he proposes to serve.

JOSEPH EICHELBERGER,
Near Crossroads, Fred. Co., Va.
John Motter, Esq.

March 17, 1837.—2d.

FARM FOR SALE.

OF having sold my Farm, I will continue to offer it privately until sold. It is situated in Jefferson county, near the turnpike leading from Charlestown to Smithfield. No further description is deemed necessary, as those who wish to purchase can call and judge for themselves.

JOHN MOTTER, Esq.

March 16, 1837.—2d.

JEFFERSON LAND
FOR SALE.

THE undersigned are authorized to offer for sale, two valuable adjoining Farms, near Limestone, in Jefferson county, adjoining the lands of Col. H. J. Hunt, Major-General, &c. One containing

175 Acres, belonging to Mrs. Forrest, is in a high state of cultivation; the improvements consisting of a spacious new Dwelling House, Kitchen, a Barn, Stable, and all the usual out-buildings. There is also a sufficient portion of Timber.

The other, occupied by Mrs. Cleveland, containing

135 Acres, is in a like state of cultivation. The improvements consist of a comfortable Dwelling, an excellent Barn, Stable, &c. Upon this Farm, also, there is a deficiency of Timber; and a never-failing Spring of limestone water, with a stream running from it through the land, to which there is a right of way, from Mrs. Forrest's Farm.

The land in both farms is prime limestone, and they together would make a durable estate.

They may be sold separately or together. Terms will be made accommodating.

CHARLES BOYD,

JOSEPH F. ABELL.

Feb. 26, 1837.—2d.

FOR RENT.

A LIMESTONE FARM, in Berkley County, near the mouth of the Opequan, containing 150 acres. The land is of productive quality, and the improvements are tolerable. Apply to

JOSEPH F. ABELL.

THE FREE PRESS.
CHARLESTOWN.
THURSDAY, APRIL 19, 1857.

The appropriations made by the 50th session of the Legislature, for works of internal improvement, amount to about four and a half millions of dollars—the interest upon which will be \$670,000 per annum. Amongst the various appropriations are the following: The sum of \$65,000 for the construction of the North-Western Turnpike, and McAdamizing a portion of the same; \$800,000 of stock in the Roanoke, Danville, and Junction rail-road, that being the amount of two-thirds of the whole capital; \$100,000 to increase the stock of the Daniel Swover Canal Company—\$100,000 the stock in the Fairmount and Almond rail-road Company; \$100,000 for stock in the Lynchburg and Tennessee rail-road Company; \$60,000 for stock in the City Point Rail-Road Company; \$46,666 65 cts. for stock in the New Shenandoah Company; \$102,000 for stock in the Baltimore and Ohio rail-road Company, to construct that portion of the road which runs through Virginia; \$1,900,000 for stock in the James River and Kanawha Company.

The Whig states that the engagements of the State already absorb the whole income of the fund for internal improvement—so that the interest on the appropriations of this year must be provided for from other sources.

The interest arising from the State's proportion of the surplus revenue of the United States, on deposits to the credit of the State in the Bank of Virginia and Farmers' Bank of Virginia, is to be appropriated to the payment of the interest on State loans, if sufficient; but if not, the balance to be paid out of any money in the Treasury not otherwise appropriated.

A sketch of the most important Acts passed at the late session of the General Assembly, will be given in our next.

James Rawlins, Esq., has been chosen President of the Farmers' Bank of Virginia, to supply the vacancy occasioned by the resignation of P. N. Nichols, Esq.

Robert Stanard, Esq., of the city of Elizabeth, declines a re-election to the General Assembly, and Wm. H. Holloman, Esq., the late acting Governor, is recommended by a writer in the Richmond Whig, as Mr. S.'s successor.

The Richmond Enquirer states that C. Gassett, Esq., has been appointed Principal Engineer of Virginia, by the Board of Public Works.

The Jefferson election, and the election in every county of the State, will take place on Thursday the 27th of April—and no postponement on account of rain, high water, &c., etc.

Resolutions have passed the Legislature of Massachusetts, which not only affirm the right, but also the duty of Congress, to suppress slavery in the District of Columbia; condemn the rule of the House which prescribes discussion on the subject, and recommend that new State be hereafter admitted into the Union, without a stipulation for the abolition of slavery within its limits. The Assembly is composed of about 600 members, and all three resolutions were carried by majorities approaching to unanimity—thus receiving the sanction of both the political parties of the State.

The Treasury Order, it is said, will not be repealed by President Van Buren. It has been decided in the Cabinet that the Order shall be adhered to. Mr. Van Buren has made it a part of his permanent system.

Gen. DAVID CAMPBELL entered on his duties as Governor of the Commonwealth on the 1st inst. The Whig says "the warmest admirer of the Governor cannot claim for him the talents, acquirements, and fame which were possessed by his predecessors almost without an exception." He is, however, a very genial, garrulous, well-born looking man.

Wm. T. T. Mason, Esq., (Van Buren,) is announced in the Leesburg Washingtonian as a candidate to represent the Loudoun district in Congress.

The Washingtonian, speaking of the effort of the friends of the Administration to profit by the division of the Whigs in Gen. Mercer and Mr. McCarty, says: "We feel justified from circumstances, in making an announcement that will blot the hopes of our opponents, and allay the apprehensions of our White friends. There will be no Whig 'dicto' run if there by the tenet probability of a Von Buren candidate being voted for. This point is settled. The schism among ourselves will not be permitted to extend so far as to have the effect of throwing the district into the hands of Von Buren."

A late arrival from England brings the intelligence that an enquiry has been instituted in Parliament, as to the relations in which the United States stand to Mexico and Texas. The French Ministry have been defeated by a majority of two, in an important measure. The money market of England, though in a much better state than at previous editions, was still very fluctuating. Cottons were on the decline.

Foreign Office.—It appears, from returns in the New York Express of Saturday, that there were imported into the city of New York during the months of February and March, 702,700 bushels of foreign Wheat, and 550,000 bushels of Rye.

The Alexandria Gazette of Tuesday last says: "We quote seven dollars as the average price of flour yesterday."

In an official list of "promotions and appointments in the U. S. Army," published in the Washington paper, by order of the Major General Commanding-in-Chief, we find the following:

First Regiment of Artillery—William E. Atkinson, of Virginia, late Second Lieutenant of Artillery, to be Second Lieutenant, on 1st of March, 1857.

Second Regiment of Infantry—William Atkinson, of Virginia, to be Second Lieutenant, on 1st of March, 1857.

Master PLATT, the young Veterinarian, who is now entertaining the citizens of this town with his astonishing powers, comes with the highest recommendations from the various states at which he has performed throughout the U. S. States. The late Winchester-Virginian states that the following notice of his performance has been down.

"YANKEE BOY.—Master Platt, the juvenile Veterinarian, (a youth of 18,) with some of his wonderful powers of ventriloquy, gave a very remarkable audience, in the Town Hall, on Saturday and Monday evening last. His automaton figure is a strong and a new and pleasing performance, and we hesitate not to say that this youth possesses the natural faculty in an eminent degree, and certainly bids fair to rival the most celebrated performers of this or any other country. We understand that Master Platt intends visiting the cities of Baltimore, Washington, and Alexandria."

At the late commencement of the Jefferson MUSICAL SOCIETY of Philadelphia, the degree of Doctor of Music was conferred on 158 young gentlemen, among whom were the following from Virginia:

William N. Anderson, R. B. Banister, Robt. L. Blakely, Jones N. Burnett, Joseph W. Brough, Albert G. Conway, H. W. Chaplin, A. C. Currie, Philander D. Ewing, Robert T. Gilby, Robert E. Hall, Josiah J. Janney, Robert F. Kennedy, Wm. B. Lewis, Miller R. May, John F. Miller, Richard McIntosh, Geo. L. Nicholson, Thomas W. Nell, Napoleon J. M. Smith, G. A. Tompkins, Wm. F. Thruston, George L. Thomas.

The request of W. M. J. shall be complied with, if he will call at the office and explain some passages in the correspondence left with us.

LOCALE MEMORANDA.

Sale of Negroes, by Hugh McDonald, Administrator, on Monday next, at the Court-House.

Sale of Furniture, &c., at the Valley Hotel, Charlestown, on Monday next.

The sale of James B. Wager's property at Harpers Ferry has been postponed.

LETTER OF MR. DAVENPORT.

In reply to the letter of the Secretary of the late Whig meeting, informing Mr. D. of his nomination for re-election to the House of Delegates:

MARCH 20, 1857.

GARIBOLDI.—It was with feelings of no little embarrassment, that I received your letter, communicating the unexpected intelligence of my nomination as a candidate for the House of Delegates. It afforded me much pleasure as an expression of the approbation of those whose partial kindness elected me to the station; and their disposition to sustain me in it is an ample reward for any services it may have been my good fortune to have rendered my constituents.

5. The Old Dominion.—The school of democracy.—Lady Washington's March.

6. The Army and Navy of the United States.—On the historic page their deeds of glory will be traced in unfading colors.—Lafayette's Grand March.

7. The Revolutionary Soldier.—Let not the ingratitude of his country bow down his hoary head in sorrow to the grave.—Soldier's Return.

10. Agriculture, the Mechanic Arts, and Commerce.—The United States of North America may be proud of the perfection and extent to which these avenues of industry and wealth have been carried by the enterprise of their citizens.—America, Commerce and Free-dom.

11. The Memories of Washington & Lafayette.—They are enshrined in the bosoms of freemen.—Star Spangled Banner.

12. Abolitionists!—You would destroy the institutions of the country.—Cense vipers! you bite a file.—Riding on a Rail.

13. The American Fair—the admiral of all admirals.—Come haste to the Wedding.

VOLUNTEER TOASTS.

By George Rust, Jr.—The citizens of Harpers Ferry. Their uniform kindness to me during my residence amongst them, and the present friendliness of those who have succeeded me in my station, have created feelings of gratitude and regard.

By G. B. Wager.—The arm of the nation.

By George W. Humphreys, Jr.—The liberty of the Press, the base of our Republic—they who would restrict it are enemies to freedom.

By A. H. Thompson, Harpers Ferry.—May old aces be healed, and health, comfort and prosperity forever prevail.

By a lady.—The hero of New Orleans.

By John M. Scott.—Our late Superintendent, General George Rust. May he be well.

By Asaph Wilson.—Col. Edward Lucas. His former efforts in behalf of the mechanics of Harpers Ferry merit their entire approbation; may his future (and present) course prove him equally successful.

By James P. Engle.—Col. E. Lucas, our former representative in Congress; May he always be in favor of mechanics and workingmen at large.

By Major F. T. H. Herkimer.—Harper's Ferry.

By a lady.—The hero of New Orleans.

By John M. Scott.—Our late Superintendent, General George Rust.

By G. B. Wager.—The arm of the nation.

By George W. Humphreys, Jr.—The liberty of the Press, the base of our Republic—they who would restrict it are enemies to freedom.

By a lady.—The citizen of Harpers Ferry.

By George W. Humphreys, Jr.—The liberty of the Press, the base of our Republic—they who would restrict it are enemies to freedom.

By G. B. Wager.—The arm of the nation.

By John M. Scott.—Our late Superintendent, General George Rust.

The market for Breadstuffs is on the decline, in all the Atlantic ports, in consequence of the large stocks of foreign Wheat on hand, and the expectation of supplies from the interior on the opening of the Canals and rivers. It is stated that there are about 100,000 bushels of Wheat and Rice, and about 80,000 to 30,000 barrels of Flour waiting to be forwarded to Philadelphia by the Pennsylvania Canal. In the city of New York, the stock of Western Flour is said to amount to 30,000 barrels, and the North River just about to open. The stocks of Foreign Wheat in that market unsold are said to amount to at least half a million of bushels. In Baltimore there is unsold a considerable amount of Foreign Wheat.

(Half American.)

From the Richmond Compiler.

PILLOW SLEEVES.

MESRS. EDWARDS: I recently met, in the course of my reading, Ezekiel, 23 chapter, some broad threats at the farrier's point of creation; the substance of which is: "Wo to the substance that sew pillows to all arm holes, wherefore, then saith the Lord God, behold, I am against your pillows, I will tear them from your arms."

It seems, therefore, that the recent pillow fashion is but a resurrection of that day, which was carried to such unwonted lengths, that it reached Heaven, and called down the fierce malice of the Creator.

For the sake of curiosity, I procured the pattern of a modern sleeve, and measured the circumference of it, and lo! what was the result? it was *seventy-two inches around*—and this is to cover the little and otherwise graceful limb of the fair ones, three inches in diameter.

I then enquired the quantity now required above what it did in our mothers' life time, and was answered, at least three yards to each dress. Thus, for the State of Virginia alone, about four hundred thousand yards of clothing is annually thrown away, amounting at least to one hundred thousand dollars, and which would reach, if all were in one piece, two hundred and twenty-seven miles. I have always abhorred this great fashion, and with the hope of getting rid of these balloons, I now write, but I learn, the iron master has issued his veto, and though they obey not the voice of the (will of God) Prophet, yet hie, they must obey.

ECONOMY.

A FATA HIR.—The editor of the Boston Courier, thus hits off a portion of the follies of the times:

We had once a mimic Byron, with his collar down, in every pathetic young gentleman; next came the Pelham curls, and sublime manners drawn by Bulwer; but now, our young dandies content themselves with little canes, and large locks over their right eyes. It was wittily remarked the other day, that all the young men at _____ seemed to have been struck with lightning on the left side of the head.

ANONOTE.—Members of Congress are not always members of Temperance societies—that is certain. One member of the late Congress came into the House essentially fuddled; the currency bill was up, and he forthwith proceeded to specify upon the fortification bill—which was quite natural, considering that topers usually have less love for cash than for fighting. After proceeding about half an hour, a friend took the liberty to hand him the currency bill, hinting that that was the subject of discussion. The hint was kindly taken, and the mistake discovered, whereupon the honorable member cried out, "Mr. Speaker! I don't know as my remarks exactly hit the bill under consideration; but I think they apply as well to that as to any thing else!" The House was in an uproar of laughter at the drunken wit, and permitted the member to finish his speech, in the extraordinary short space of one hour and a half.

[Montgomery (7) Watchman.]

Somnolency.—A Mrs. Sidney, living about five miles south of this village, after leaving the tea table on Saturday the 16th ult., sat down in a chair and soon fell asleep. She remained in that situation until the inmates of the house were ready to retire for the night, when they endeavored to awake her, which after resorting to every means in their power, was found to be impossible, and they were compelled to carry her to her bed where she remained apparently in a sound sleep until the 24th ult., when she appeared to take some notice of what was passing in the room. We are informed that she appeared to sleep perfectly easy, and did not take any food during the time, which was six days. Schenectady, N. Y. Rep.

Care for Togetherness.—It is with great pleasure to see the following news that we announce to our readers, that we are in possession of one of the greatest desiderata in the whole materia medica. We do not speak unadvisedly, for we have tried it upon our own masticators, and those of our own family, and a half dozen of our friends, and we are therefore enabled to speak with confidence and safety. The recipe is as follows:—Take a lump of unaltered lime about the size of a hickory nut, dissolve or slake it in two-thirds or three-quarters of a tumbler of water. Hold the lime water in the mouth, contiguous to the aching tooth, and certain relief will ensue. We never knew it to fail. If the relief is not permanent, repeat the application as often as the pain returns. If the pain is stubborn and refuses to yield, the lime water may be made thicker and stronger.

A Business Matter.—Call on business men in business hours, only on business, transact your business, and then go about your business in order to give him time to finish his business.

Naukin Color.—A pall full of joy with a piece of copperas half as big as an egg boiled in it, will color a fine Naukin colour, which will never wash out. This is very useful for the lining of bed quilts, comforters, &c.

THE MARKET.

BALTIMORE MARKET.

For the week ending Friday evening, April 7.

GATEL.—The supply of flour on the hand has improved this week, and prices have advanced a shade. The average quality is quoted at \$10.

WHEAT.—The market today is an improved state. Some few sales have been made from stores by the day, last at \$9 50, but no transactions have taken place by which a positive wholesale price can be established.

The prevailing wagon price throughout the week has been \$6, but dealers are generally unwilling to pay that price to-day, anticipating a further decline.

CITY WHEAT FLOUR.—We have to note a considerable fall in prices, sales having been made yesterday of standard quality at \$8 per barrel.

SPRING FLOUR.—Small sales are making at \$8 50.

The inspection for the week, ending Thursday evening, enterprise 11,012 barrels, 50 half barrels.

GRAIN.—Wheat.—The only sale of which we have heard this week was that of a parcel of prime German red, some days ago, at \$1 60 per bushel. The stock of Foreign wheat on hand is somewhat short of 100,000 bushels.

CORN.—Sales of white at \$9 90 cents.

YARNS.—We quote at \$1 05 a \$1 05.

WOOL.—A good supply of Foreign wool, but we hear of no sales.

OATS.—We quote at about \$2 cents.

CHEESE.—We quote at \$1 05 the wagon price at \$8 50 per barrel.

BACON.—Sale of good lots of assorted bacon made at 9 cents per pound for cash and on short credit.

SAUSAGES.—Some sales are making at \$1 00 cents.

EGGS.—We quote at \$1 00 cents.

CHOCOLATE.—We quote at \$1 05 the wagon price at \$8 50 per barrel.

SAUERKRAUT.—We have a large supply of fresh sauerkraut, which is well received at \$1 00 cents.

SAUERKRAUT.—We have a large supply of fresh sauerkraut, which is well received at \$1 00 cents.

SAUERKRAUT.—We have a large supply of fresh sauerkraut, which is well received at \$1 00 cents.

The Thorough-Bred Race Horse.

TYRANT.

A dark chestnut, 4 years old this Spring. 10 hands high, of fine form and beautiful action. The owner of the largest stock of thorough-bred horses, with black legs, mane and tail—no white except a small patch on the forehead. Full sixteen hands high—of great beauty, now six feet and three inches—whose colors will be seen below. His performances on the turf have been equalled: will stand the coming season at my stable, (the old stand of industry,) eight miles from Winchester, Virginia, for the sum of \$100, discharge by the payment of \$80, within the season; or \$100, for blooded horses, dischargeable with \$15 if paid within the season, and \$80 insurance. (In all cases \$0.50 each.) Parting with the mare, removing her from the neighborhood which she is owned at the time of selling, her death, or irregular attendance at the stand, forfeits all claim to be paid as soon as the mare is known to be with foal, or parted with. All mares put to Tyrant last year by the season that did not prove with foal, and by the season that did not prove with foal, will be sold at \$100, discharge by the payment of \$80, within the season; or \$100, for blooded horses, dischargeable with \$15 if paid within the season, and \$80 insurance. (In all cases \$0.50 each.) Parting with the mare, removing her from the neighborhood which she is owned at the time of selling, her death, or irregular attendance at the stand, forfeits all claim to be paid as soon as the mare is known to be with foal, or parted with.

PEDIGREE.

TYRANT, bred by Wm. H. Mingo, Esq., of Virginia, was not by Hobart; his dam by Tom Tough; grand-dam by the imported Tom Tough, who was by the imported Tom Tough, and whose pedigree is not obtainable, believed to be the imported Tom Tough. By reference to the Turf Register, Tom Tough's pedigree may be seen.—Cherlemon, imported b. c. (afterwards called Big Ben, in which name he ran many races in England, and afterwards in this country, called Traveller,) was by O'Kelly's Eclipse; by King Hero, Black St. Polp; Fenton's Lady, etc., foaled 1786. Signed, JAMES STRANGE.

The above pedigree of Traveller was taken from the Stud Book in the possession of Mr. Peter Cotton, of the City of Richmond. Given from memory, hand, this 1st day of April, 1833.

WM. BOYTON.

PERFORMANCES.

Tyrant has run nineteen races, winning ten. In his races, run at different distances from one to four miles, he has displayed remarkable speed as well as enduring bottom. He won, at 3 years old, a sweepstakes, Oct. 2d, 1832, at Middleburg, 2 miles heats, beating Betsy Baker and others, on two heats, and was beaten in the distance. Course said to be eighty yards over mile. He at 4 years old won, Oct. 11, 1833, the Jockey Club prize of \$500 at Washington City, D. C., four miles and repeat, in two heats, beating the noted gelding Eclipse, by Tuckahoe, and Reform by Maryland; Bachelor dropping in his distance the first heat. The 2d heat was run in Mr. S. J. Smith's stable, and was beaten, and remarkable, considering that the track was forty feet over a mile, and very heavy at the time. Tyrant, however, beat all the Central Course, Md., four miles heat, for the Jockey Club prize of \$1000, he contested with Wm. S. Johnson's celebrated race mare, Tride, and others. In this race he evinced great boldness and tenacity; these heats were run before the contest was decided in favor of Tride. Time, 5m. 54s.—5m. 57s.—Sun. 2d. Tyrant was beaten about a length the 1st heat—in the 2d he was next to Tride, and in the 3d he was third. In the Spring of 1834 he ran several races and was beaten. Although he ran well, he was not a good runner, and towards December, he made very quick time in two instances. On the 8th May, 1834, at Washington City, D. C., Bularis, one of the best sons of Northern Eclipse, and Tyrant, (Tyrant carrying three pounds and a half more than his proper weight,) ran 2 heats of three miles each in the extraordinary time of 5m. 48s.—5m. 56s. And the following week, at Timonium, Course, 4 miles heats, for the Jockey Club prize of \$1000, Tyrant was beaten the 1st heat, and in the 2d he was beaten, after running in the extraordinary time of 7m. 48s.—in the 3d heat he dropped in the distance—run in 8m. 5s.—the 2d heat run in 7m. 59s. Tyrant, in the third mile thereof, came up, challenged, and raised Mr. Garrison's horse and Mr. Johnson's mare with ease, but becoming restive, stopped, and was distanced.

A more full and complete detail of Tyrant's racing career may be found in the Turf Register. In justice to Tyrant, his owner does not hesitate to assert, that he never ran in any race, in condition, except at Middlebury. Tyrant is not the only one who has run well, but has not distinguished for his racing performances. Yet, his full brother, has acquired a high reputation on the turf—having won three out of four races in remarkably quick time, showing no lack of bottom. And his full sister, who has been trained, is pronounced to be one of the most promising fillies in the lower part of Virginia.

JACOB FOKE.

March 30, 1837.

The Fine Bred Horse,

LEOPARD,

(Sired by Dr. Thornton's distinguished Old Rottier.)

WILL stand my stable, near McPherson's Mill, the ensuing season, on Mondays, Tuesdays and Wednesdays; at Berryville, Clarke county, on Thursdays, Fridays and Saturdays; in such weather as the season, which will continue on the 1st day of April, and so on until the 20th of June, unless it is paid within the season—if not paid within the season \$100, will be charged \$10 insurance, to be paid as soon as it is ascertained the mare is with foal, or transferred.

LEOPARD, a thorough-bred, 4 years old, sired by American Eclipse, 2200 lbs. Jefferson county, March 30, 1837.—4.

W.M. Z. SINCLAIR.

PEDIGREE.

Lady Walton, the dam of Leopard, was sired by Mr. Wm. E. Loring's Eclipse, who was sired by Bell's imported Eclipse. Lavinia, the dam of Eclipse, and also the dam of Adeline, Cora, Zirce, &c. was sired by old Whistle Jack; her dam by old Rockingham; her dam by old Cub, out of the famous imported mare, Lady Northumberland—Whistle Jack, the sire of Lavinia, was sired by the noted running horse, Diamond, the thorough-bred son of Eclipse, by Mr. Loring's Traveller, and old Salina; and grand-dam was the famous Eclipse, by old Chidren, G. E. S. dam by Dancing Master; G. E. S. was the Spanish Mare.

W.M. Wood, New Winchester. The certificates and affidavits of several very respectable gentlemen, and can be referred to.

W.M. WOOD, New Winchester. The certificates and affidavits added to, are in my possession.

W.M. Z. SINCLAIR.

March 30, 1837.

THE THOROUGH-BRED HORSE.

WILL at all times give the highest prices in cash for healthy young NEGROES, from ten to twenty-two years of age. Persons having likely servants to dispose of, will do well to call on me at my residence in Charlestown; and any communication in writing will be promptly attended to.

W.M. CROW, Jr.

July 23, 1837.

DESCRIPTION.

DRONE is a beautiful gelding, 7 years old this Spring, with one hind foot white, 15 hands 3 inches high, of fine bone, great bone and muscle, and the action

MIZZEPPA.

THIS SPENDID thoroughbred and superb Race Horse, now 4 years old, bred by Wm. H. Mingo, Esq., of Virginia, is a full-blooded Arabian, with black legs, mane and tail—no white except a small patch on the forehead. Full sixteen hands high—of great beauty, now six feet and three inches—whose colors will be seen below. His performances on the turf have equalled: will stand the coming season at my stable, (the old stand of industry,) eight miles from Winchester, Virginia, for the sum of \$100, dischargeable with \$15 if paid within the season, and \$80 insurance. (In all cases \$0.50 each.) Parting with the mare, removing her from the neighborhood which she is owned at the time of selling, her death, or irregular attendance at the stand, forfeits all claim to be paid as soon as the mare is known to be with foal, or parted with.

PEDIGREE.

DRONE, sired March 12, 1830, bred by Col. Wm. Wynn, was got by the celebrated Monsieur Tonson; his dam, Isabella, by Sir Archy; 1m. 2m. Black Ghost, by Lightfoot's imp. Oscar; g. g. g. dam, Dr. Disney's Dillon, by imp. Pantalone—Melpomene, by Mrs. Antenor—Folio Syrus, by imp. Ariosto—Young Bonny Lass, by imp. Jolly Boy—Folio Syrus, by imp. Sultan—Folio Syrus, by Grey Willow, (stallion of Glomary,) by Masterboy. Isabella ran with success until at least 4 years old. Drone is full brother to Avril, sired by the celebrated Folio Syrus, and was got by Tyler's Independence, out of Oregon, who died at 16, 16 hands high, of immense power and action. He was sired by the celebrated race horse Rockingham, out of Mrs. Vernon. Rockingham was the full brother of John and Belvoir, (for his wife, Mrs. Belvoir,) and was sold to Mr. Brooks of Monticello at a large price on account of her high character on the turf, and pure racing stock.

DRONE, a filly, was born in the spring of 1834, and is a full sister to Avril.
