FLORIDA .- We mentioned yesterday that the Governor of Florida had appointed a deputa-tion of several of the most prominent citizens of the Territory, to proceed north and confer with the National Executive on the subject of protecting he inhabitants and prosecuting the war with the Indians, who, it appears, pay no regard to the treaty of Gen. Maconn. The editor of the Richmond Enquirer, after stating that he had had a long conversation with Gen. Baows of Tallahas-se, one of the deputation, adds—

"We are satisfied that the Indians are in greater force, supplied with better means, and more determined on hostilities, than is generally supposed. It will become necessary to strike at them again and drive them off. The only question is, what is the best species of force for this purpose? It seems to be the im pression in Florida, that another species of force is necessary, besides the regular troops, or volunteer militis, who have not been acquainted with the modes of Indian warfare. How cold are they who say that Love
Must first be planted in the heart,
And cultured by the hand of Time,
To make its leaves and blessoms start!
No! Tis a plant that springs at once
Up to its full and prirect form;
Unlike the willow or the cak,
It bends not, breaks not in the storm.

How cold are they who say that Love Must, like the diamond in the mine, Be sought with care and polished well. Ere we can see its beauties shine! Not in the soul's blue Heaven it springs, With beams that Are can never mar,— Complete, eternal, brilliant, pure, As evening's first, rejoicing star!
