It is an inflammation of the fine skin which lines the inside of the whole of the wind tubes or sir vessels, which run through every part of the Lungs. This Expectorant immediately sup-presses the Cough, Pain, Inflammation, Fever and Difficulty of Breathing, and produces a free and easy Expectoration, and a cure is soon effected. It always cures Asthma—two or three large doses will cure the CROUP or HIVES of Children, in from fifteen minutes to an hour's time. It immediately subdues the violence of HOOPING room recently occupied by the Savings COUGH, and effects a speedy cure. Hundreds Institution, and one door east of Mr. William F. who have been given up by their physicians as inwho have been given up by their physicians as in-curable with "CONSUMPTION," have been restored to perfect health by it.

How, but was perfectly cured by using this Dapet orant."

Mrs. Dilks, of Salem, N. J., was cured of Asthma, of twenty years standing, by using two bottles of this medicine — Mrs. Ward, also of Salem, was cured of the same complaint by one boile. A young lady, also of Salem, who was believed by her friends to be far gone with Con-

-Dr. Hamilton, of St. James, South Carolina, was greatly affected by a cough, hoarseness and soreness of the lungs, and on using a bottle of themedicine, found permanent relief.

The following certificate is from a practising Physician, and a much respected elergyman of a Methodist Society, dated Modest Town, Va., August 27, 1838.

Dr. JAYNE-Dear Sir-1 have been using your Expectorant, extensively, in my practice, for the last three months, and for all attacks of colds, inflamved. He respectfully solicits the ladies and gentlemen to call and examine for themselves. Hast three months, and for an attacks of colds, maxing mation of the lungs, consumption, asthma, pain and weakness of the breast, it is decidedly the best me-

dicine I have ever tried.

Very respectfully, yours,

R. W. WILLIAMS, M. D. Extract of a Certificate from the Rev. Dr. Babcock, late President of Waterville College, Maine : 'From intimate personal acquaintance with Dr. D. Jayne, a regular student of the Medical Uaiversity of Penasylvania, and an experienced, successful practitioner of medicine, I was prepared to appreciate the numerous testimonials in favor of his different medical preparations, much more highly than the great majority of those which are exten-sively culogised. On total of them in my own family, and some of them personally, I have more than realized their favorable anticipations. They are what they profess to be-not quack nostrums-but skilfully prepared autidotes for some of the most afflictive of human diseases. I know that they are highly esteemed, and frequently prescribed, by some of the most respectable of the regular practitioners of medicine in this city and elsewhere, and I do not hesitate to commend them as a valuable addition to our materia medica, and a safe, as well as eminently useful remedy for the diseased.

RUFUS BABCOCK, Jr. Philadelphia, 7th June, 1838. The Rev. C. C. P. Crosby, late Editor of the Amer-

ican Baptist, writes-NEW YORK, June 15, 1839. To Dr. JAYNE Dear Siryour Expectorant, personally and in my family, for the last six years with great benefit. Indeed, I may consider my life prolonged by the use of this valuable medicine, under the blessings of God, for several years. I may say almost as much in the case of my wife, and, also of the Rev. Mr. Tinson, of the Island of Jamaica. For all cases of cough, inflammation of the chest, lungs, and threat, Ido most unhesitatingly recommend this as hobest medidine I have ever tried. My earne wish is, that others afflicted as I have been, may experience the

same relief, which I am persuaded they will, by using your Expectorant. C. C. P. CROSBY.

extract of a certificate from the Rev. Mr. Bradposure, when recently coming up the Ohio, was attacked by that horrible malady, CROUP. We landed in the night at Beaver Point, and when our fears were alarmed, least the hoarse, sepulchral cough was the forerunner of death, we gave him a teaspoonful of the "Expectorant," (a bottle of which you presented me with when in Philadelphia) and applied some liminest to the throat and breast; and before many minutes the hoarseness was gone, the child breathed freely and slept sweetly. Owing to these circumstances it eannot be wondered at why I have so high an opinion of Dr. Javne's medi-

cine, and why I advise every family to keep it on hand, ready for any emergency. Respectfully, yours, ARTHUR B.
