A MOTHER'S LOVE.

There is none,
In all this cold and hollow world, no fount
Of deep, strong, deathless love, anve that within
A mother's heart.—It is but pride, wherewith
To his fair son the father's eye doth turn
Watching his growth. Ay, on the boy he looks,
The bright glad creature arringing in his path,
But as the heart of his great name, the young
And stately tree, whose rising strength, ere long,
Shall bear histrophies well.—And this is love!
This is MAN's love! What marve! You ne'er made
Your breast the pillow of his infancy,
While to the fulness of your heart's glad heavings
His fair cheek rose and fell; and his bright hair
Waved softly to your breast? You ne'er kept watch

Waved softly to your breast? You ne'er kept watch Beside him till the last pale star had set, And morn, all dazzling, as in triumph broke On your dim weary eye; not YOUR's the face Which early faded through fond care for him, Hung o'er his alcep, and duly as heaven's light, Was there to greet his wakening! You ne'er smoo His sough, ne'er sung him to his rosy rest.
Camplat his least whisper, when his voice from yours
Had fearwid out interance; press'd your lips to his
When fever parch'd it; hushed his wayward cries,
With patient, vigilant, never wearied love!

NEW ORLEANS ELECTION.

The election in the city of New Orleans on the 26th ult., for a State Senator, resulted in the choice of Mr. Slidell Locofoco, by a majority of several hundred votes. But it will be seen by the annexed paragraph from the New Orleans Bee that the election was carried by illegal voting. Whether Mr. Slidell's election, earried by such fraudulent means, can be considered a triumph, we leave a discerning public to decide.

"This result was altogether anticipated by us, as soon as we heard that the judges had decided upon receiving the naturalization certificates issued by Judge Elliott, and which have been 'pronounced by the committee of the House of Representatives illegal and fraudulent. Scarcely less than one thousand of these votes were taken, and ninety-nine hundreths of them were given to the Locofoco candidate." To the same effect says the Tropic: "Of the myriads of illegal votes cast, we defy the whole Locofoco party to find one dozen given to Mr. Roselius, while it is undeniable that more than eight hundred were cast for his opponent, Mr. Sti-'dell. WHO PAYS THE DUTY !

We frequently hear Locofoco orators make pressive on the poor and the farmer classes.

This is an important charge, and a consideraion is connected with this bracch of the subject hat should not be overlooked. The duty on nerchandize falls principally on articles which are not indispensable, and are hought by those who which will bring poverty and bankruptcy on any are best able to pay for the support of Government.
