One of the Latest Schemes of the Trading Politicians, is laid open in the following article from the New York

THE MANAGER'S LAST KICKI

An eminent American, not known as a politician, was last week in Washington, where said the Loco Committee man : "We have so arranged that WE MUST SUCCEED. For in the regular way. But suppose we should lose Pennsylvania, (which we wont,) and thence conclude that New York is not safe: We shall with instructions to our friends in each. TO DROP THE POLK ELECTORAL TICKET & FOTE THE BIRNEY! In this way we shall cast New York and most of the residue against Clay

Such is the scheme divulged by a leading Locofoco in Washington. It shows what our adversaries are plosting. They expect and mean to pell housands on thousands of Illegal Votes, yet they are all the time crying " Fraud !" when they KNOW that the Whigs would gladly unite in ANY measure which would render Illeceived in wickedness-born in sin-at birth an gal Voting impossible. But this is just what the Locofocos don't want.

Polk Advice to Birneyites !

The Wayne County (Pa.) Herald contains the following appeal to the Aboli-

A crisis has arrived! Who has the states- the North, between the Locofocos and Abolitionists ! Take warning in time !

ASJAMES G. BIRNEY is running at the same time for President on the Abolition ticket, and for the Legislature on the Locofoco ticket, and is to be voted for on both tickets at the same Election.

65 The Birney Aboltion paper in Syl use, New York, is edited by a LOCO-FOCO, who issues a Polk Locofoco paper from the same office. Of course, Mr. though not werse, than from the Emanciand other organs of the Abolition Party.

Much is to be excused to the zeal of over-heated partizans. and the mere shullition of party violence is unworthy of notice; but so vindictive and ingenious are the assailants of the great Statesman of the West, and so multiplied their points of attack, that they would be formidable indeed to any man who did not stand before his country clad in the panoply of known public virtue, as long life of acknowledged devotion to its highest interests, and the lustre of an untarnished renown.
