TO HOPE.

Light of the soul! thine hour once past, The proudest brow most beed at last; Pale agony the heart must wring. Despair must plant the sullen sting, The weary spirit long to part, And all be but the wreck of beart.

Bright tenant of the trembling breast, Give but my sinking spirit rest. Though friendship flies, or love betrsys, Still on thy light shall fix my gaze, My star, though clouded and alone, Until my pilgrimage is done.

The traveller in the fiery sand Where Afric spreads her burning strand, When thunders roar and whirlwinds rise And Heaven is darkening on his eyes, Struggles in vain, sinks panting down, And sees his fate in Nature's frown. But, let him and some chrystal stream, His eyes with sudden lustre beam : So Hope, at the enchanting voice,

The agony of heart is o'er; It trembles, but it lives once more. Angel of life ! thy vigit keep, Above my waking and my sleep: Still pour upon my fainting eyes The beam, the beauty, of thy skies; And, when my final hour is come,

Sweet spirit! be thy heaven my home.

Harpers-Ferry, Oct. 17. Great Western Cook Stove. HE subscriber would respectfully inform the public generally that he has secured the right of making and vending the above named STOVE in several counties. A model of the Stove can be seen at the Harpers-Ferry Iron Foundry, and in the course of a few weeks I shall have a number of the Stoves on hand.—
I deem it unnecessary to say much concerning this Stove in my advertisement, as I have no fears but it will recommend itself to every person that will examine it. I will merely state that it is adapted either for the burning of coal or wood, and that it is so constructed that in case the cooking is required to be done very soon, a portion only of the Stove need be heated-that is when the family is not very large. The price of the large Stove is \$33, the small one \$22, complete. Person who may want a Cooking Stove are requested to give me a call, and after trying the Stove if they are not pleas-

ed with it, I will take it back. HUGH GILLECE. Harpers-Ferry, August 10, 1843.

If there be a pleasure on earth which superior be-ngs cannot enjoy, and one which they might almost envy men the possession of, it is the power of resands from misery to those who possess it. What an amount of suffering has been relieved, and what a still greater amount of suffering can be prevented, by the use of Sands's Sarsapardla! The te victim of hereditary disease, with swollen glands, contracted sinews and bones half carious, has been restored to health and vigor. I he scrofulous patient, covered with ulcers, loathscipe to himself and to his attendants, has been made whole. Hund-eds of persons, who had grouped hopelessly for years un-der cutaneous and glandular disorders, chronic rheumatism, and many other complaints springing from a derangement of the secretive organs and the circulation, have been raised as it were from the rack of disease, and now, with regenerated constitutions, gladly testify to the efficacy of this inestimable pre-

The following interesting ease is presented, and the reader invited to its careful perusal. Comment

on such evidence is unnecessary. New-York, July 25, 1844. MESSRS SANDS:-Gentlemen -1 consider it but an act of justice to you to state the following facts in reference to the great benefit I have received, in the cure of an obstituate Cancerous Ulcer on my breast.
I was attended eighteen months by a regular and skilful Physician, assisted by the advice and counsel of one of our most while and experienced Surgeons without the least bem fit whatever. All the various methods of treating cancer were resorted to for five it can be seen, as also strong testimonials of its tie three times a day, and for six it was easily syeconomy and usefulness. \* ringed with a weak solution of nitric acid, and the cavity or internal ulcer was so large that it held as cance of the solution. The Doctor probed the ulcer and examined the bone, and said the disease was advancing rapidly to the Lings, and if I did not get speedy relief by medicine or an operation, the result would be fatal. I was advised to have the breast laid open and the bones examined, but finding no relief from what had been done, and feeling that I was rapidly getting worse, I almost despaired of recovey and considered my case nearly hopeless. Seeing various testimonials and certificates of cure

seated character of my disease, produced no very decided change; considering this as the only probable cure for my case, I persevered until the disease was entirely cured. It is now over eleven months since the cure was completed; there is not the slightest appearance of a return. I therefore phonounce myself well, and the oure entirely effected by SANDS'S SARSAPARILLA, as I took no other medicine of any kind during the lime I was using it, for have I taken any since. Please excuse this long deferred acknowledgement, which I think it my duty to make. Your valuable Saraparilla cured me with the blessing of Divine Providence, when nothing else could, and If sel my self under lasting obligaions to you. I can say many things, I cannot write, and I do most respectfully invite ladies afflicted as I have been, to call upon me and I will satisfy them fully of the truth as stated above, and many other nes in reference to the case. .

NANCY J. MILLER, 218 Sullivan street, next door to the Methodist Church.

Baltimone, June 10, 1844. Messrs. SANDS-Gentlemen : Most cheeffully do I add to the numerous testimonials of your life preservative Sarsaparilla. I was attacked in the year 1839 with a scorfulous affection on my upper lip, and continuing upward taking hold of my cose and surrounding parts, until the passages for conveying tems from the eyes to the nose were destroyed, which caused an unceasing flow of tears. It also affected my gums, causing a discharge very unpleasant, and my teeth became so loose that it would not have been a hard task to pull them out with a slight jeik-such were my feelings and suffering at this trade that I was rendered perfectly miserable. I consulted the first Physicians of the City, but with little benefit .-Every thing I heard of was tried, but all of no service, and as a last resort was recommended change of air; but this, like other remedies, did up good, the disease continued gradually to increase, until my whole body was affected. But thanks to hun this City, Dr. James A. Reed, 6 bottles, and in less time than three mouths was restored to health and happiness. Your Sarsaparilla alone effected the cure, and with a desire that the afflicted may no longer suffer, but use the right medicine and be free

from disease, with feelings of joy and gratitude I PANIEL McGONNIKAN.

Any one desirous to anow farther particulars will find me at my residence in Front-street, where it will afford me pleasure to communicate anything in

relation to this cure.

For farther particulars and conclusive evidence of its superior value and efficacy, see pamphlets, which

may be obtained gratis.
