Dr. D. Javne-Dear, Sir :-- I had not finished the first bottle of your Hair Tonic, before a usided change was manifest over the bald part of the head to which it was applied. A new growth of fine glossy hair, much like that of an infant's appeared, and has continued to increase, so tha. I have had it cut two or three times.

I began the use of the Tonie with little or no faith that it would ever be successful on my head ; and I was as much surprised as delighted when I saw the effect. You recollect the appearance of my head when in your office. I assure you the hair has been nearly, if not quite, an ich long at the times I have had it cut, on those parts which were nearly destitute of any when you saw me. It was, however, very fine, though uite thick. Respectfully yours, &c.

[From the Somerville (N. J.] Whig.] Some time since I called upon Mr. P. Meson. f Somerville, for Dr. Jayne's celebrated Hair Tonic, to restore my hair, which was then fall. ing of daily. I procured one bottle, and applied its contents according to the directions. When the bottle was exhausted, I discovered to my great surprise and satisfaction, that the young Hair was starting handsomely; I therefore par-chased another, and soon till I had used three bottles, and now, as a compensation, my hair in as thick as ever.
