Their unrivalled purifring and purgative properties, for which they are indebted to the essence of Sarsaparilla, and other ingredients, being controlled by their highly tonic virtues, derived from the extract of Wild Chorry, they do not strain the digestins gans into action, as is the mode of other cathartics, but on the contrary strengthen them into action. Thus all other purgative medicines predace more or less subsequent costiveness, and sluggishness of the gastric juice, while Dr. I.s. Roy's Pills leave all the muchinery of the system
