Glorious Luck! THE undersigned, having for some time past conducted the Lottery and Exchange busi. ness in Baltimore, and having had such apprecedented luck in selling prizes, have determined to inform the people of these United States, that if they feel disposed to try their luck in a Lottery at all, they will do well to try this most fortunate Office. Success-attends us in almost every drawing; and many persons that had no ideal of drawing a prize after trying other offices, have laid out a few dollars and made as handwith the schemes and price of single fickets or package, so that they can see what to order in before sending their money. We are in a stream of luck, and invite the dealess-to-try our Office, which is No. 151, Prait street, the arry, opposite the Bahimore and Chio Depot. The drawing of the Lottery sent immediately after it is over to each distant customer. Address
