Sweet feelings of sadness glide For my heart and my eyes are full when I think Of the little boy that died. I went one night to my father's house-Went home to the dear ones all,
And softly I opened the garden gate,
And softly the door of the hall.

My mother came out to meet ber son-She kissed me and then she sighed, And her head fell on my neck, and she wept For the little boy that died. I shall miss him when the flowers come.

In the garden where he played ; I shall miss him more by the tre-side, When the flowers have all decayed. I shall see his toys and his empty chair, And the horse he used to ride; And they will speak with a silent speech, Of the little boy that died.

I shall see his little sister again, With her playmates about the door; And I'll watch the children in their sports, As I never did before;

And it, in the group, I see a child That's dimpled, and taughing eyed, I'll locked to see, if it may not be The little boy that died. We shall all go to our Father's house-To our Father's house in the skies,

It affords me pleasure to state that Dr. Hampton has effected a most extraordinary cure of my slave boy Albert. The patient was three years of age, and had the scrofula. His rather is scrofulous. The boy was a moving mass of sores from head to foot. More Home Testimony Wonderful and permanent cure of one of our most highly respectable citizens,
Baltimore, June 24th, 1851. Messrs Mortimer & Mowbray: Gentlemen—A sense of gratitude, and a desire that those suffering under dis ease be induced to try Hampton's VEGETABLE TING-TURE, has influenced me in making the following statement of facts of my case—
On the 14th of November, 1836, I was attacked with what is called Inflammatory Rheumatism; my pains were so intense that, for three months, I could not rest night or day. I lost all desire for food, and became very weak. At this stage of my disease my physician had a consultation with one of the most eminent of the profession in Bultimore. They gave me a large amount of medicine, none of which had milears forming on my my sufferiors and the day. Wears forming on my night arm, right knee and left knee, from each of which right arm, right knee and left knee, from each of which right arm, right knee and left knee, from each of which right arm, right knee and left knee, from each of which right arm, right knee and left knee, from each of which right arm, right kneed and left kneed and left kneed arm of the left kneed and left kneed arm of the left kneed and left kneed arm of the left kneed nrable. My pains at this juncture were so great that I had not one moment's relief from them, unless under the influence of an opiate. Many of my friends know-ing my sufferings, and kindly sympathising with me, persoaded me to try the Thompsonian Sweats; also, the Homepathic medicines, which I did without effect. After this I also tried a large number of Panaceus and Liniaments, all represented as certain cure all's, but from which I derived no benefit, rather growing weak-er every day, suffering, if possible, more after every

new remedy I tried. In the early part of August, 1842, you first introduced Dr. Hampton's Tincture to me. Well do I remember that morning; it was after a sleeple as height of great suffering. By your advice I commenced, as a last re-sort, to try Hampton's Vegetable Tincture, and I am happy to say, before I had taken one bottle, my pains grewless, my appetite increased. Hope began to spring up. I continued taking the Tincture, and was soon enabled to eat any kind of food, thereby gaining strength every hour. In the space of a few mouths my pains left me, the ulcers in my arms and legs were entirely healed, and I was enabled to lay aside my crutches; and when August, 1843, came around, it found me with out pain, and in the enjoyment of health, which, fo years before, I was a stranger to. I am glad to say now, though nearly eight years have elapsed, that the cure in my case was made with the blessing of Providence and by the use of Hampton's Vegetable Tincture. A large number of my relatives and friends can testify to the truthfulness of the above

meagre statement of my sufferings, as well as my relief Wishing you every success in bringing this valuable medicine before the public, and heping that the sillicted may receive the same benefit I have from it, I re-JARRETT PLUMMER. 153 East Baltimore st We have hundreds of other certificates from some of

the best men in our country. We ask the public to call and get pamphlets and see letters, and have references to numbers of our most respectable citizens who have used this wonderful Tincture. Its success in curing disease is astonishing. Never were such prompt cures made before by other medicine. Never before was such charges moderate. He returns his thanks for the genuine testimony given in favor of any other medicine as that offered, unsolicitee, in favor of Hampton's Vegeleble Tincture. For sale by MORTIMER & MOWBRAY.
