THE KOSSUTH ENCITEMENT.

To a cord observer, distant from the scene of action, it is a little surprising that whole cities should "be potion state of excitement by the eloquence of one nan. To all appearances, the whole population of New York City are ready to take up arms in behalt of the Hungarians, and make battle with the Russian Autocrat. Not a man was bold enough, at the great hanquet, to utter a word of dissent to the proposition for intervention against Russia, in case, he should again interfere in the quarrel to be renewed between Austria and Hungary.

I No deals there is a great amount of very natural indignation against Russia, but have our people well emusidered the consequences to follow their enthysiastic d claration, if it is meant to be pracsical? Kessuth, himself, has left no doubt as to the object of his visit. He does not come here to live as an exile. He does not come to be merely addressed and feasted. He wants substantial sympathy, in the shape of dollars from the people, and a positive warning from our government to that of Russia, to 'keep hands off. PUBLIC LANDS.

According to a paragraph in the National Intelliconcereports that twelve millions of acres of the public lands will be available for sale during the present year. The minimum price is \$1.25 per acre; and while the quantity offered is so immense that it is placed beyond the reach and power of monopoly, the price is at the same time so small that every man of ordinary industry has the ability to provide himself with a homestead; and so long as Government offers hundreds of millions of acres for sale, at the price of about one day's labor for each acre, every man able to till the ground' will have it in his power to become a freeholder. The sales of the public lands since the 30th of

June, 1850, and to the 30th of June, 1851, amount to 1,816,847 acres, and the purchase money to

LETTER TO MR. CORCORAN.

The following letter, acknowledging the munificent gift of a splendid Organ, to the Western Asy-Staunton Vindicator.

STAUNTON, VA., Dec. 11th, 1851. W. W. CORCORAN, Esq.

Dear Sir :- The Organ, recently presented by you to our Western Lunatic Asylum, was received a few days since, and now has a place in its Chapel. The Board of Directors, of which I have the honor to be one, deeply impressed with a feeling of obligation for this noble liberality towards the Institution under their charge, have devolved upon me the acceptable duty of tendering to you their grateful acknowledgments there-

We are well aware, that this is but one of your numberless benefaction to suffering humanity; but we see in it a peculiarly refined sense, which calls for especial notice. In making this donation for the use of those most sorely-stricken of all God's afflicted, who have been tempest-tossed by their passions, and who have in some sort, found a haven with us, you were, doubtless, moved by a knowledge of the power of music to "diffuse a holy calm" over the most troubled spirit. We have reason to believe, Sir, that your charity will be productive of this desirable effect- that the soft tenes of this Organ will soothe the minds of these sufferers. 5 023 white lemales, 286 free colored males, 24 free and raise them to ask mercy at the hand which now so sorely oppresses them. > As guardians, then, Sir, of the unfortunates committed to our care, we offer you our sincerest thanks for your munificent donation; but leave you for an adequate return, to that quality of charity, which "blesseth him that give and him that takes." Very cordially, yours,

SUDDEN DEATH -- Mr. Isaac Hoge, a highly respectable citizen of this county, died suddenly at his residence near Hughesville, on Monday week. Mr. H. left his residence early in the morning to attend to the feeding of his stock in one of his fields, but remaining longer than was usual, search was made for him and vice found he was lying senseless upon some fodder, which he had been feeding to his cattle. He was taken home, and died during the day. Mr H's loss will be seriously felt in his neighborhood. He was a worthy gentleman and an estimable citizen .- Lessburg Washingtonian.

He then escaped to the woods, and was badly frozen when taken.

PETRIFIED MAN. - The Morris (Ill) Yeo man states that not long since, while some men were digging in a coal bank, near the canal, they exhumed the body of a man in a perfect state of petrifaction. From the corduroy cloth in which the legs were encased, the cords and seams of which are perfeetly defined, it is supposed to be the body of one of the Irish laborers engaged in the dwelling. We very much regret that we are to construction of the canal. The limbs are nearly perfect, and are completely transformed into stone.

THE CASH SYSTEM.

Though the credit system has its advantages and its advocates, (says the Illustrated Family Friend.) experience has clearly demonstrated the fact; that it is not a system adapted to the exigencies and necessities of a newspaper buisiness. Every thing that a publisher is compelled to have, type, paper, ink, articles, labor, all, he is required to pay cash for; and in a business whose every ramification is accompanied by heavy expense, the amount of ready money required in the course of a year to keep the wheels in metion-is much greater than any one unacquainted with its minutia, would imagine. There is no valid reason either, why any person should desire to be credited fer a newspaper; scarce a man in the Southern States is so poverty-stricken that he cannot spare two dollers a year for a paper-and it is an amount so small, that if he can spare it at all, it cannot possibly make any difference to him, whether he pays it out at the beginning, or end of the twelvementh.

By the aid of this preparation, the pains and evils of Indigestion and Dyspepsia are removed, just as they would be by a healthy Stomach. It is doing wonders for Dyspepties, curing cases of Debility, Emaciation, Nervous Decline, and Dyspeptic Consumption, supposed to be on the verge of the grave. The Scientific Evidence apag which it is based, is in the highest degree currous and remarkable.

Professor Dunglison of the Jefferson College Philadelphia in his great work on Human Physiology devotes more than lifty pages to an examination of this subject. "Not a crust, nor a crumb" the rich man said -"Be off, and work for your daily bread!" The rich man went to the parish church; His face grew grave as he trod the porch : And the thronging poor, the untaught mass, Drew back to let the rich man pass. The service began; the choral hymn Arese, and swelled through the long aisles dim-Then the rich man knelt, and the words he said, Were-"Give us this day our daily bread!"

BEAUTIFUL FRAGMENT.

Fainter and few are the songs of the birds, And faded now are the leaves; The grassy waves of the fields are gone, And the reapers have bound the sheaves. The wind, with its cold and prophet-lips, Whispers that Winter is near; But what care we, in whose heart is stored Love's deathless summer-cheer!

The Rochester American makes the following feeling observations:

" If you wish to earn the respect and everlasting gratitude of an editor, let his exchanges alone. Don't touch a paper. He has laid them where he can find what he wants with the least possible trouble. IT A Yankee, who went over to the mother country some time ago, and who was asked on coming back, how he liked Great Britain-"Well," he said, "England was a English Department, per annum, very nice country, exceedingly fertile, well cultivated, very populous and very wealthy; but," said the Yankee, "I never liked to take a morning walk, after breakfast, because the country is so small, that I was always afraid of walking off the edge."

A man who had heard of Dr. Johnson's fame, but who had never seen him, was shown into his presence once, and not knowing him, made inquiries where he was. The Doctor said he was Johnson. "You, Johnson!" said the man in aston-

"I see, I see," said the man, "you are indeed the great Johnson."

How to be a woman of Fashion .- To be a woman of fashion is one of the easiest things in the world; a late writer thus describes it: Buy every thing you don't want; pay for nothing you do; smile on all mankind but your husband; be happy everywhere but at home; hate the country; adore Paris; neglect your children; nurse lapdogs; and go to church every time you get a new shawl.

Mr Dobbs says that beauties generally die old maids. They set such a value on themselves, that they do not find a purchaser till the market is closed. Out of a dezen beauties who have come out within the past eighteen years, cleven, he says, still occupy single bedsteads. They spend their days in working green dogs on yellow wool -while their evenings are devoted to low spirits and Tupper's Philosophy.

Mr. Richards of the Southern Literary Gazette, says that any one who has lain all night upon a shelf, with an irresistible conviction that the house was dancing a polks, to the imminent danger of pitching him off, can form an idea of a first "night's rest" in the berth of an ocean steamer.

A ship from Port Glasgow was recently lying in the harbor at New Orleans. when an Irish emigrant one day came on board, and thus addressed the cook, who was also Irish-"Are you the mate?" "Ne," said he: "but I'm the man as boils the mate."

BALTIMO-E. June 4th, 1851.
Mr. Stockbridge, of the Foundain Hotel, Light street. Bult. Dear Sir: Being on the point of leaving the city, I avail myself of a few idle moments to thank you kindly for the medicine you sent me, and which has restored me to the use of my limbs. I beg you to send me four bottles more to carry on my voyage. Since I had the fortune to use i.r. Hampton's Vegetable Tincture my confidence is so strong that, in gratitude to the propri-etors of said medicine. I beg you to present my respects to them, and induce them to make it more publicly known as a sur-Rhuematic cure. Having called on me on the 19th of April last, and seen me prostrated on my bed, useless in all my limbs you can appreciate nearly as well as mys-if the prompt relief I received from Dr. Hampton's Tincture, and I am positive had it not been for your strong and torcible recommendati as I should still have been in bed. Oats Apple,

It is really a pity this specific should not be approved of by medical men, and like all patent drugs it should suffer the imputation the public generally give to such preparations. I myself, who was always of posed to a patented specific, took this medicine with reluctance, and without confidence in it, and it was only through your disinterested, friendly recommendations, and my critical situation, that induced me to try this really beneficial Vegetable Tincture.
You may inform Messrs, Mortimer & Mowbray that they are at liberty to make use of my bame in the sup-lort of the goot effects of Dr. Hampton's Vegetable Tincture, as it has cured me in five weeks, of a Chronic

Inflammatory Rheumatisms, contracted under tropical climates, and of seven years' periodical duration. I have only used three bottles, and find that even the deformed parts of my hands are fast returning to their former natural appearance I have been under the treatment of several physicians in London and Puris, without any apparent benefit; also, while in New York having tried the Thomp onian and Homepathic remedies, after having been ter-mented with galvanic batteties, cold and aromatic baths, and hundreds of Jaternal and external medicines, all to no effect, I am, so far, cuted by this Hampton's

Vegetable Tiacture only. Therefore, my dears r. accept of the assurance of my gratitude, and believe me [Signed] THOMAS CANOT.

The following certificate is from an embeat lawyer of Kentacky, who is known in all of the States, having for a number of years represented his State in Congress. It affords me pleasure to state that Dr. Hampton has effected a most extraordinary cure of my slave boy Albert. The patient was three years of age, and had the scrofula. His father is scrofulous. The boy was a moving mass of sores from head to foot. The upper lids of the eyes were much swellen and turned inside out, exhibiting horrible mattering ulcers, and protru-ded over the eyeballs so as to produce blindness. It is strange, yet true, this child—that I felt resigned to see die as relief from suffering-has been restored to health under the treatment of Dr. Hampton

Bultimore, June 24th, 1851.

Messrs Mortimer & Mowbray: Gentlemen—A sense of gratitude, and a desire that those suffering under dis-

ease be induced to try Hampton's Vegetable Tinc-TURE, has influenced me in making the following statement of facts of my case—
On the 14th of November, 1836, I was attacked with what is called Inflammatory Rheumatism; my pains were so intense that, for three months, I could not rest night or day. I lost all desire for food, and becam very weak. At this stage of my disease my physician profession in Baltimore. They gave me a large mount of medicine, none of which had my good effect on me. my sufferings every day becoming more intense, my cains continuing night and day, ulcers forming on my splinters of bone came out. After years of suffering my physician pronounced my disease deeply scatted and my physician pronounced my assessed exply source and incurable. My pains at this juncture were so great that I had not one moment's relief from them, unless under the influence of an opiate. Many of my friends knowing my sufferings, and kindly sympathising with me, persuaded me to try the Thompsonian Sweats; also, the Homepathic medicin's, which I did without effect After this Laiso tried a large number of Panaceas and Liniaments, all represented as certain cure all's, but from which I derived no benefit, rather growing weak-

er every day, suffering, if possible, more after every new remedy I tried.

In the early part of August. 1842, you first introduced Dr. Hampton's Tincture to me. Well do I remember that morning; it was after a sleepless knight of great suffering. By your advice I commenced, as a last resort, to try Hampton's Vegetable Tincture, and I am happy to say, before I had taken one bettle, my pains grew less, my appetite increased. Hope began to spring up. I continued taking the Tancture, and was soon enabled as eat any kind of food, thereby gaining strength every hour. In the space of a few months my pains left me, the ulcers in my arms and legs were entirely healed, and I was enabled to lay aside my crutches; and when August, 1843, came around, it four drie without palu, and in the enjoyment of health, which, for years before, I was a stranger to.
I am glad to say now, though nearly eight years the blessing of Providence and by the use of Hampton's Vegetable Tincture. A large number of my relatives and friends can testify to the truthfulness of the above meagre statement of my sufferings, as well as my relief

Wishing you every success in bringing this valuable medicine before the public, and h ping that the afflicted may receive the same benefit! have from it, I remain yours, JARRETT PLUMMER, the best men in our country. We ask the public to call and get pamphlets and see letters, and have references to numbers of our most respectable citizens who have used this wonderful Tincture. Its seccess in curing dis-

made before by other medicine. Never before was such genuine testimony given in favor of any other medi- | GARMENTS, from the finest quality to the lowest cine as that offered, unsolicitee, in favor of Hampton's Vegelable Tincture.
